Background and purpose of the guide

The Erasmus for Young Entrepreneurs is a programme initiated by the European Union in 2009. Its overall objective is to ensure the transfer of knowledge and experience between European entrepreneurs in order to increase the number of successful start-ups and enhance cross border trade in Europe.

To participate in the programme, you should apply online via the website www.erasmus-entrepreneurs.eu and complete the registration form.

This guide has been especially developed to provide you with direction on the type and level of detail of information that should be submitted to ensure a high level of quality of applications and consequently more chances to be accepted in the programme.

Please note that once accepted, your profile will **not** be public but will be stored in an online database to allow other accepted new entrepreneurs and Intermediary Organisations officially appointed by the European Commission and responsible for placements to access your data and start matchmakings.

If you do not want to be contacted by the new entrepreneurs and Intermediary Organisations acting on behalf of the new entrepreneurs registered with them, there is an option at the end of the registration form which allows you to choose the degree of visibility of your profile in the online catalogue.

STEP 1 – Preparing your registration

It is important to make sure that you fulfil the eligibility criteria and the minimum quality standards set by the programme. Make also sure that you prepared the necessary compulsory information (i.e. brief CV, motivations and etc.) to validate your application.

Eligibility criteria

Host entrepreneur definition

Host entrepreneurs are successful and experienced entrepreneurs (ideally owners of a micro or small enterprise) or persons directly involved in entrepreneurship at SME board level, applying the EU definition of micro, small or medium-sized enterprise. Host entrepreneurs want to share their entrepreneurial experience and to benefit from the concrete contribution which a New Entrepreneur (NE) from another country will make to their business. Host entrepreneurs must be committed to work personally with the NE towards developing his/her entrepreneurial skills and know-how.

There is no minimum or maximum age to observe to participate in the programme.

SME definition

The European Commission Communication defines SMEs as follow: *“An enterprise is any entity engaged in an economic activity, irrespective of its legal form”. “Enterprises qualify as micro, small and medium-sized enterprises (SMEs) if they fulfil the criteria laid down in the Recommendation which are summarized in the table below. In addition to the staff headcount ceiling, an enterprise qualifies as an SME if it meets either the turnover ceiling or the balance sheet ceiling, but not necessarily both.*

Enterprise category	Head count	Turnover	or	Balance sheet total
medium-sized	< 250	≤ € 50 million		≤ € 43 million
small	< 50	≤ € 10 million		≤ € 10 million
micro	< 10	≤ € 2 million		≤ € 2 million

Geographical criterion

Entrepreneurs must have their '**permanent residence**' in an EU Member State or in any of the other participating countries to participate in the programme.

'**Permanent residence**' is defined as:

- The place where the company of the applicant is registered, if the applicant has a registered company;
- If a company has several establishments in different EU Member States or other participating countries¹, the entrepreneur should choose one of the countries as permanent residence;

Minimum quality standards

The motivations and expectations should be clearly expressed

You should explain why you are interested in participating in the Erasmus for Young Entrepreneurs programme and what you can offer to a New Entrepreneur.

You should also describe in a concise manner the activities that you would expect from the NE and indicate if any specific skills, including language skills, are required from the NE to perform a particular task – giving the latter the opportunity to decide whether to explore a relationship further.

Brief curriculum vitae

A summary CV specifying your entrepreneurial experience and information about your current business is required. The CV should contain at least a description of the product/service offered, years in the active business as well as a description of the previous experience as entrepreneur.

The Europass CV format is preferable, but not compulsory². The CV can be **submitted in any EU language**. However, you should take into consideration the language of the selected Intermediary Organization. In any case, **English is favoured** as it is understood by almost all users of the online database (New Entrepreneurs, Host Entrepreneurs and Intermediary Organisations) and consequently facilitates the matchmaking.

Ability to work in a foreign language

The communication between the New and the Host entrepreneur is crucial for a successful exchange.

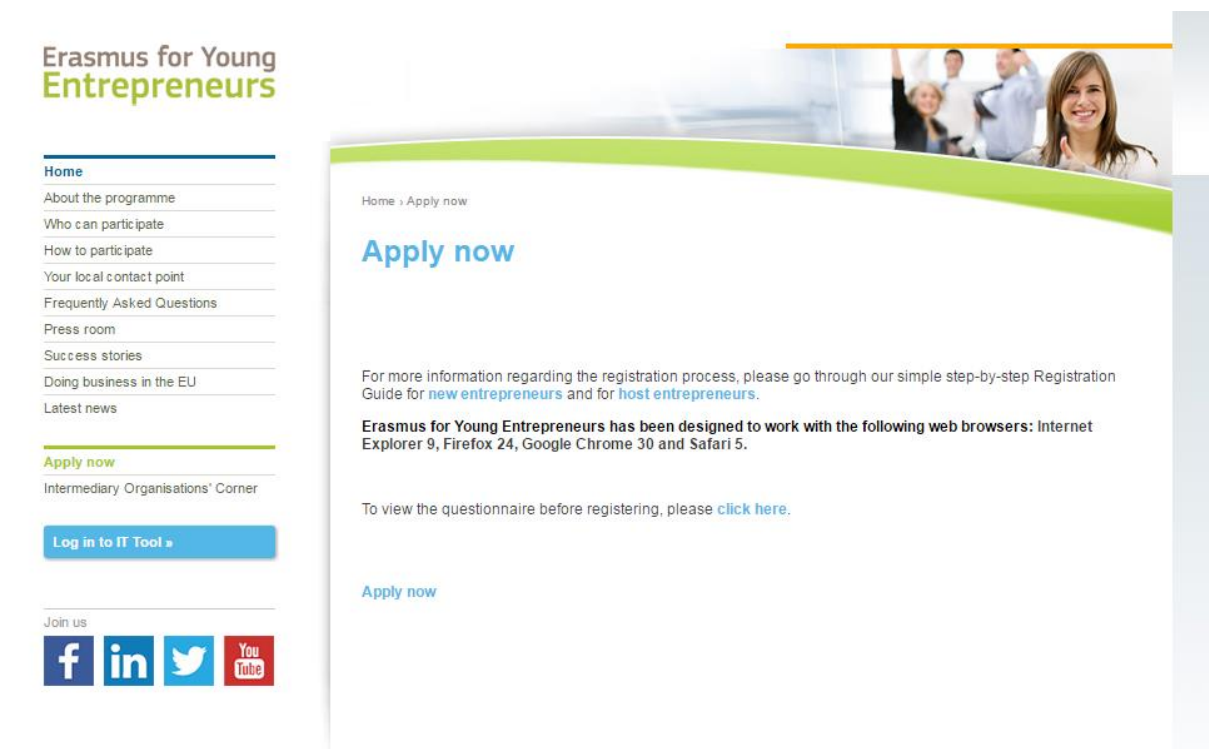

Given that no language training is provided by the programme and that language skills are one of the main criterion for a suitable matching, it is important to ensure that you have a good command of the English language or master a second language, in addition to your mother tongue (i.e. no difficulty in understanding, speaking and writing in the language(s)).

¹ EU Member States, the Former Yugoslav Republic of Macedonia, Iceland, Montenegro and Turkey, Albania, Serbia, Moldova and Armenia, as well as the corresponding EU outermost regions and Overseas Countries and Territories (OCTs).

STEP 2 – Register!

The online registration form is available on the programme website www.erasmus-entrepreneurs.eu under the section 'Apply now'.

Click on Apply Now and follow the instruction on the registration form.

Once you register, you will not be able to change your e-mail address (nor your first and last name) any longer. Therefore, please make sure that you will not lose access to this account in the future.

Welcome page of the application form for host entrepreneurs

The first page of the application form explains the registration process.

Choose your status 'Host entrepreneur' and click on 'Next'. It is recommended to save as draft your application at least once during the registration process

The screenshot shows the 'Welcome' page of the registration process. At the top, a navigation bar lists the steps: 'Welcome', 'Your profile', 'Motivation', 'Languages', 'Business sector', 'Geographical preferences', 'Duration and period of the exchange', and 'Selection of IO and submission'. The 'Welcome' step is currently active. The main content area contains several paragraphs of text explaining the process, including information about the Intermediary Organisation (IO), the timeline for contact, and the documents required. A section titled '* Do you want to register as a NEW or a HOST entrepreneur?' features two radio buttons: 'New entrepreneur' and 'Host entrepreneur'. A grey box to the right of the radio buttons provides a definition of a new entrepreneur. At the bottom of the form, there are 'Next' and 'Save draft' buttons. A small note at the bottom left states '* = mandatory fields'.

Registration steps: Welcome > Your profile > Motivation > Languages > Business sector > Geographical preferences > Duration and period of the exchange > Selection of IO and submission

Welcome to the registration form to participate in Erasmus for Young Entrepreneurs as an entrepreneur!

The information you will provide in this multi-page form will be transmitted to your chosen Intermediary Organisation (IO). To view a list of the IOs officially appointed for the programme, please [click here](#).

Your chosen IO will normally contact you within 2 weeks after you have completed and confirmed your submission.

Once your application has been processed and accepted by your IO, the information you provided will be entered into the on-line catalogue of accepted entrepreneurs, where you will be able to find possible counterparts. The catalogue is accessible to all IOs, the accepted Host Entrepreneurs (HEs) and the accepted New Entrepreneurs (NEs), except where indicated otherwise.

Before proceeding to fill out this form, please make sure you have at hand the following documents: updated version of your CV, your business plan (only if you are a new entrepreneur) and other relevant documents you may find useful to accompany your application.

You can at any time save a draft of your application and resume the registration process later on. It is recommended to do frequent saves of your information, to avoid any loss of data.

Motivation

In this section, you are required to explain why you are interested in participating in the Erasmus for Young Entrepreneurs programme and how you wish to contribute to the New Entrepreneur.

You should demonstrate that:

- You have sufficient experience in running a business;
- You are engaged in an activity that will give the New Entrepreneur the relevant learning opportunities;
- You wish to share your entrepreneurial experience and act as a mentor working personally with the new entrepreneur. You need to specify how you will work with the New Entrepreneur towards developing his/her entrepreneurial skills and know-how.

Please indicate here (in up to 2000 characters) why you wish to participate in the programme. Be as concise and concrete as possible as it is an important criterion for your participation.

The screenshot shows a registration progress bar with steps: Welcome, Your profile, Motivation (active), Languages, Business sector, Geographical preferences, Duration and period of the exchange, and Selection of IO and submission. Below the bar, a green header reads: "* Please indicate why you wish to participate in the Erasmus for Young Entrepreneurs programme and state your expectations:". A text input field shows "2000 character(s) left". To the right, a grey box contains the instruction: "Please be as concise and concrete as possible, as your motivation is a very important criterion for selection."

Upload here a summary of your Curriculum Vitae.

The screenshot shows a green header: "* Please upload your CV (Preferred format: PDF). The Europass CV format is preferable, but not compulsory:". Below it is a file selection area with a "No file select..." button and a blue "Choose File" button. To the right, a grey box states: "Please upload your CV file (.PDF, .DOC). Maximum file size of 200KB."

If you have any additional supporting document, please upload it.

Languages

The spoken language is one of the main criteria when seeking a suitable business partner. You must be able to communicate properly with your New Entrepreneur to have significant exchanges.

You should therefore be comfortable working in the foreign languages you have selected in your applications in addition to your mother tongue (i.e. no difficulty in understanding, speaking and writing the language(s)).

Please first select your mother tongue.

The image shows a registration progress bar with steps: Welcome, Your profile, Motivation, Languages (current), Business sector, Geographical preferences, Duration and period of the exchange, and Selection of IO and submission. Below the bar is a form titled '* Please specify your mother tongue:'. It contains a dropdown menu with 'Please select' and a button to select the mother tongue.

Select any other language that you have no difficulty in understanding, speaking and writing.

The image shows a form titled 'Please specify other languages in which you are comfortable working:'. It contains a list of languages with checkboxes: Bulgarian, Greek, Norwegian, Croatian, Hungarian, Polish, Czech, Icelandic, Portuguese, Danish, Irish, Romanian, Dutch, Italian, Slovak, English, Latvian, Slovene, Estonian, Limburgish, Spanish, Finnish, Lithuanian, Swedish, French, Macedonian, Turkish, German, and Maltese. To the right of the list is a text box with the definition: 'A working language is a foreign language that you have no difficulty to understand, speak and write.' At the bottom are buttons for 'Previous', 'Next', and 'Save draft'.

Indicate the specific languages that New Entrepreneur should speak if the proposed work or project requires some specific languages skills (e.g. foreign market research).

This is a duplicate of the form described above, showing the same list of languages and the definition of a working language.

Click 'Next' or 'Save draft'.

Business sector

Geographical preferences

In this section, you should indicate your preferred countries of origin for the New Entrepreneur.

Select your primary choice.

The screenshot shows the 'Business sector' step in a registration process. At the top, a navigation bar includes 'Registration steps:' followed by 'Welcome', 'Your profile', 'Motivation', 'Languages', 'Business sector' (highlighted), 'Geographical preferences', 'Duration and period of the exchange', and 'Selection of IO and submission'. Below the navigation bar, a green header bar contains the text: '* Please specify the main business sector of your future or current business activity:'. Underneath, there is a dropdown menu with 'Please select' and a blue arrow icon. To the right of the dropdown, a grey box contains the text: 'This is the primary business sector of your future or recently started company.'

Select up to 4 other possible countries for the exchange.

The screenshot shows the 'Geographical preferences' step in a registration process. At the top, a green header bar contains the text: '* Please indicate your preferred source country for the exchange (this has to be different from your country of residence):'. Below this, there is a dropdown menu with 'Please select' and a blue arrow icon. To the right of the dropdown, a grey box contains the text: 'Indicate here the country from which the NE you will host should ideally come from.' Below the dropdown, another green header bar contains the text: 'Please indicate other possible countries for the exchange:'. Underneath, there is a list of countries with checkboxes next to them, arranged in three columns. The countries listed are: Albania, Armenia, Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Montenegro, Netherlands, Poland, Portugal, Republic of Moldova, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, The Former Yugoslav Republic of Macedonia, Turkey, and United Kingdom. To the right of the list, a large grey box contains the text: 'Select up to 4 further countries as secondary choice.' At the bottom of the form, there are two buttons: 'Previous' and 'Next'.

Click 'Next' or 'Save draft'.

Duration and period of the exchange period

In this section, you should mention the maximum number of months you can host a New Entrepreneur and the periods where you are available for the exchange. This information is of utmost importance in the search for a suitable New Entrepreneur.

Specify the length of your exchange

The exchange should last between one and six months and should be completed within an overall time span of twelve months.

The screenshot shows a registration progress bar at the top with steps: Welcome, Your profile, Motivation, Languages, Business sector, Geographical preferences, **Duration and period of the exchange**, and Selection of IO and submission. Below the bar, a green header reads: "* Please specify your preferred length of the exchange (in months):". A dropdown menu shows "Please select". To the right, a grey box contains the text: "Duration of the stay abroad: 1-6 months, with the possibility to spread the stay over a maximum of 12 months."

Please note that if your application is accepted for the selected length, it is not a guarantee that the exchange you will propose will be accepted for this period.

Specify your preferred periods for the exchange

The exchange period is one of the main criterion for a suitable match. The more flexible you are the greater choice you will have in finding a host entrepreneur.

The screenshot shows a green header: "* Please specify the months in which you will be available for the exchange:". Below it is a list of months from November 2012 to December 2013, each with an unchecked checkbox. To the right, a grey box contains the text: "The more flexible you can be, the more chance there is to find a good match." At the bottom, there are buttons for "Previous", "Next", and "Save draft". A small note at the bottom left says: "* = mandatory fields".

Note that the selection of months done at this step will have an influence on the range of Intermediary Organisations among which you will have to choose one at the last step. Should you like to register with a specific Intermediary Organisation, please make sure that the months selected do not exceed the contract end date of that organisation. Please contact the IO you would like to register with and request this date upfront to know which months you can select.

Selection of an Intermediary Organisation, visibility options, and submission

212 Intermediary Organisations/Local contact points have been officially appointed by the European Commission to establish contacts between new and host entrepreneurs. The selected Intermediary Organisation should be active in your country of **"permanent residence"** defined by the programme as:

- The place where the company of the applicant is registered, if the applicant has a registered company;
- If a company has several establishments in different EU Member States or other participating countries, the entrepreneur should choose one of the countries as permanent residence;

If you live in a country without an active Intermediary Organisation, you may choose another one close to your country.

The chosen Intermediary Organisation is responsible for recruiting; establishing contacts between you and your preferred new entrepreneur and for helping you prepare your exchange. It will act as guide and contact throughout the entire process.

The list of Intermediary Organisations is available on the programme website www.erasmus-entrepreneurs.eu under the section "Your local contact point".

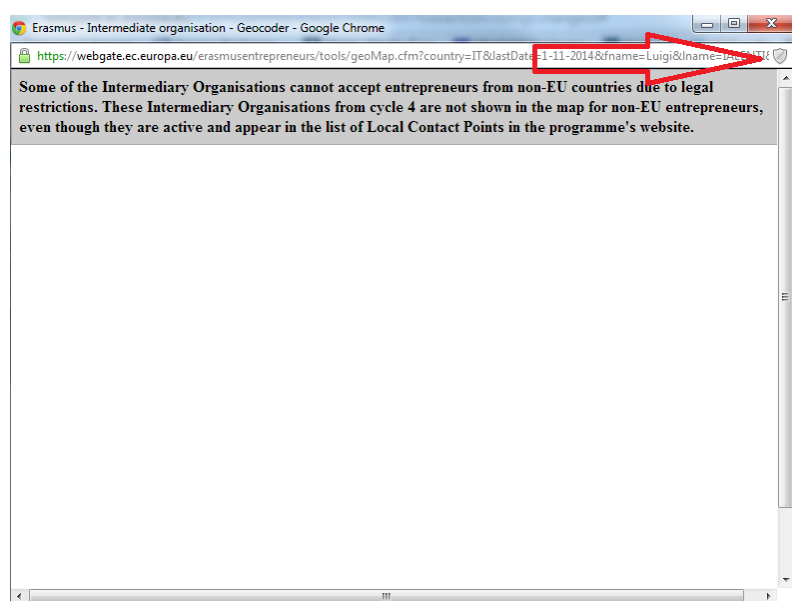

Tips and tricks for the selection of the Intermediary Organisation

Note: the list of organisations available to be selected will depend on the preferred periods for the exchange that you have selected in the previous step. If you select dates too far in the future, the Intermediary Organisation that you might wish to choose could be unavailable for selection as they might not be active during that period.

Please verify first that your browser is a compatible one, and the pop-ups are enabled.

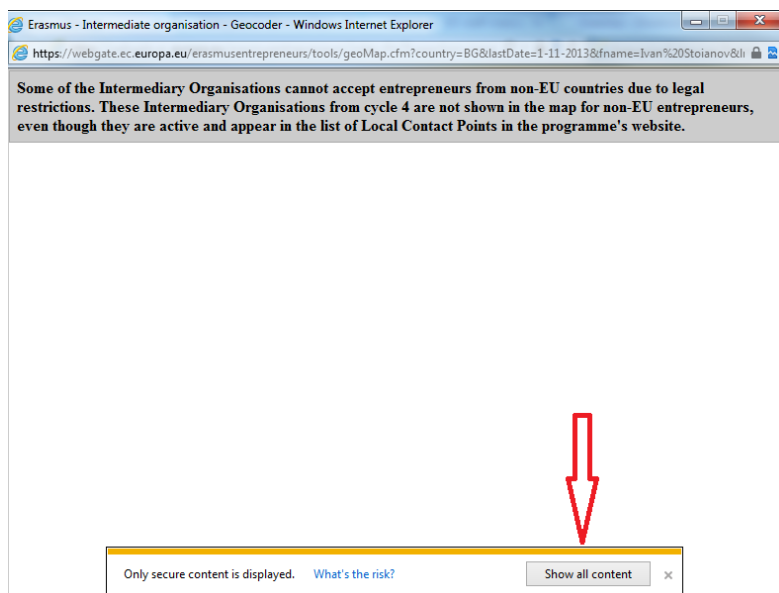

Look carefully at all dialog boxes and questions you may receive and click "Yes" to accept the display of all contents.

E.g. Google Chrome

Click on the small shield icon and select the option which permits the download of the unsafe script. A Geomap will open subsequently and you will be able to select an Intermediary Organisation.

E.g. Internet Explorer

Click on the "Show all content". A Geomap will open subsequently and you will be able to select an Intermediary Organisation.

If despite this, you cannot complete the step "Select your IO", it may be due to one of the following situations:

Situation 1

You receive the message "No Intermediary Organisation found"

Please verify that your address and country are correctly selected on the second tab.

Situation 2

If you click on the field "Select an IO", the geomap is displaying correctly but you can see only part of the IOs and not the one you want to select.

The reason for this is that the exchange months you selected at a previous step exceed the period during which the respective IO will be visible to the public. You have to contact your IO and ask for the "activity end date" of their organisation and then fill in the availability period again with months until the one specified by your IO.

Choose your Intermediary Organisation

The  icon will be replaced by a  if multiple IOs are located very close to each other. In this case, click  to locate those IOs with a greater zoom factor on the map.

The  indicates the entrepreneur's home address as specified on page 2 of the application form.

Select a visibility option for the on-line catalogue

You can decide to be contacted only through your IO, if you choose visibility options 2. Furthermore, you can choose not to show your profile to other NEs until you reach the draft relationship status (in which case it will only be shown to the parties involved in the relationship) via Privacy Option 3 but you will not have any access to the Search/Match tool and you will not appear in the catalogue, so all matching will need to be done by your IO only.

Submit or Save a Draft of your application

After completing the last page of the registration form:

Either:

⇒ **Submit** your form directly: click 'Confirm my registration' button at the bottom of the page.

Or:

⇒ **Save the form as draft** without submitting it yet (i.e. if you want to review your information first): click the 'Save as draft' hyperlink at the bottom of the page.

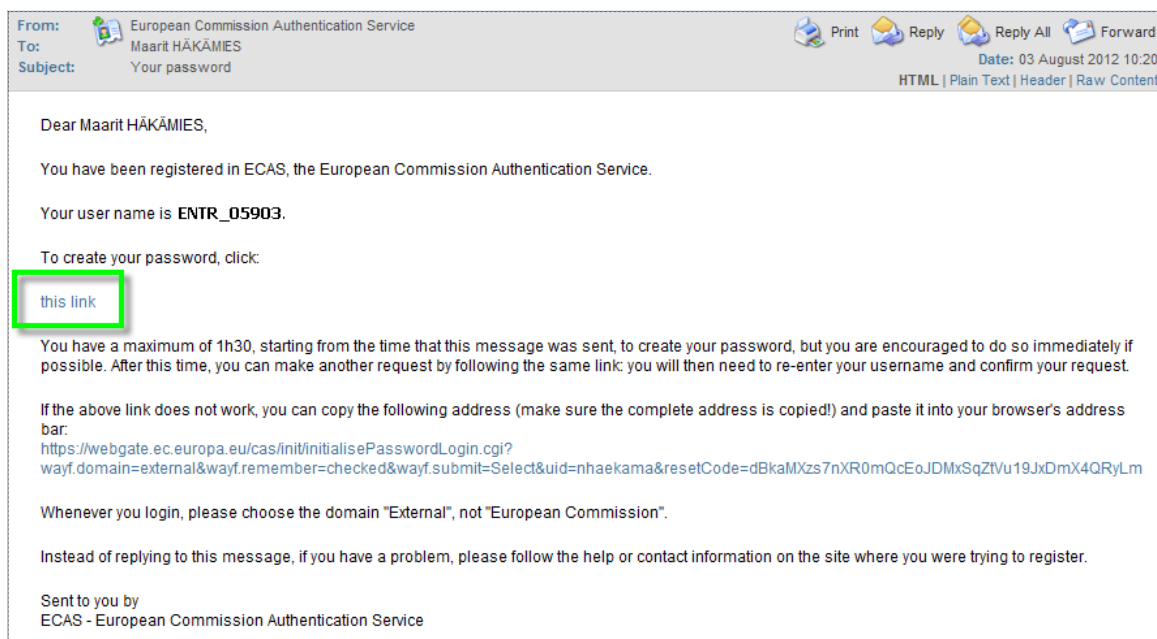

STEP 3 – Confirm your registration

Once you have **submitted/saved as draft your application**, you will receive an automatic email from European Commission Authentication Service (ECAS) through which you are invited to set-up a password (this is ONLY for users who did not have a previous ECAS account):

Note: If you do not receive an email from ECAS to set up your password, please go to <https://webgate.ec.europa.eu/cas/init/passwordResetRequest.cgi?> and request a new email. Please make sure that the domain on the screen says External and NOT European Commission.

To initialize your ECAS account:

1. Open the Inbox associated to the email address with which you registered to Erasmus for Young Entrepreneurs in the past, and open the email message that was sent to you by European Commission Authentication Service.
2. Click the 'this link' hyperlink in the email:

1h30 restriction

Please note that although the instructions email mentions a standard 1h30 period for initializing your account after receiving the message, you can still click the link passed this delay. Only, you will be asked to 'make another request' for the same email address. A new instructions email will then be sent to you, with a new link to press in order to set your password.

On the New password page, enter a password of your choice (please observe the format requirements at the bottom of the page), repeat the password in the next box and click Submit.

You are prompted to set a password:

LOG IN to the application via the respective link. Failing to do this, your registration will not be complete.

After you submit your application and you log in, you automatically receive the status '**Applied**'. At this stage, you do not have access to the online catalogue of profiles (co-called IT Tool) to search for a business partner. This status only means that your application has been received and is currently being treated by your Intermediary Organisation.

An IT Tool user's manual is available in the "**Help**" section of the online database to help using the tool.

Within a maximum of 2 weeks of receipt of application, your IO has to perform an initial check and take action accordingly. You will be automatically informed by email about any change of your application status.

Possible statuses:

- **Accepted** → your application fulfils all programme requirements and you should be granted to the online catalogue;
- **On Hold** → important information is missing or application is unclear;
- **Back to Applicant** → your selected IO is not in a position to accept entrepreneurs or the IO is terminating its contract;
- **Refused** → your application is inappropriate or irrelevant.

If your Intermediary Organization considers that some key elements are still missing in your application, you will be automatically notified by email that your application has been put “On hold”. Your Intermediary Organization will contact you separately either by phone or by email requesting the lacking information in your application (business plan etc...). You should provide this information within a delay of **6 weeks maximum**. If this information is not provided on time, your application will be rejected. You may apply again later once you will be able to provide all information required by the programme.

Your application will be deleted if it contains irrelevant data, errors and/or has been submitted by mistake.

If the responsible Intermediary Organization considers that your application is of quality and that it fulfils all the programme criteria necessary, you will be notified by email that you are successfully accepted in the programme.
