BACKGROUND AND PURPOSE OF THE GUIDE

The Erasmus for Young Entrepreneurs aims at helping recently established and would-be entrepreneurs, to acquire relevant experience and skills for managing a small or medium-sized enterprise, by working with an experienced entrepreneur from another country.

The overall objective of the programme is ensuring the transfer of knowledge and experience between entrepreneurs to increase the number of successful start-ups and enhance cross border trade.

To participate in the programme, you should apply online via the website www.erasmus-entrepreneurs.eu.

Application and participation in the programme are free of charge. No application or participation fees are requested.

This guide has been especially developed to provide you with direction on the type and level of detail of information that should be submitted to ensure a high level of quality of applications and consequently more chances to be accepted in the programme.
**STEP 1 – Preparing your registration**

The programme is accessible to all entrepreneurs (new and host) provided that they are eligible for the programme.

Therefore, before registering, please make sure that you **fulfil the eligible criteria and the minimum quality standards** set by the programme. Make also sure that you prepared the necessary compulsory information (i.e. business plan, CV, motivations…) to validate your application.

**Eligibility criteria**

**NEW ENTREPRENEUR DEFINITION**

- Would-be entrepreneurs who are firmly planning to start their own business based on a viable business plan or a concrete project; or, entrepreneurs who have recently started their own business and have less than 3 years of entrepreneurial experience¹;
- Permanent resident² in one of the participating countries³;
- Have a concrete project or a business idea reflected in a business plan.

Please note that the programme does not require a minimum age to participate in the programme. However, from the definition of the new entrepreneur and the various requirements linked to this definition (in terms of educational background, business experience etc.) it is very unlikely that individuals below the age of 18 can fulfil these requirements. Furthermore, individuals under 18 do not have the legal ability to sign contracts on their own.

**Minimum quality standards**

**THE MOTIVATIONS AND EXPECTATIONS SHOULD BE CLEARLY EXPRESSED**

Host entrepreneurs are looking for motivated new entrepreneurs with clear objectives. Therefore, it is extremely important to clearly describe your expectations and motivations in order to find the suitable business partner corresponding to your needs.

**A SOUND PERSONAL AND VOCATIONAL BACKGROUND**

The curriculum vitae should include a summary of your educational & vocational background, your competencies/skills and your work experience.

It should be clear, concise, complete and up-to-date with current employment and educational information.

The [Europass CV format](http://europass.cedefop.europa.eu/europass/home/hornav/Downloads/EuropassCV/CVTemplate.csp) is preferable, but not compulsory⁴. The CV can be **submitted in any language**. However, you should take into consideration the language of the selected Intermediary Organisation. In any case, English is favoured as it is understood by almost all users of the online database (new entrepreneurs, host entrepreneurs and Intermediary Organisations) and consequently facilitates the matchmaking.

---

¹ Whenever planned or already existing the business can be in any sector.
² Permanent residence is defined as:

   ‘Permanent residence’ is defined as:
   - the place where the company of the applicant is registered, if the applicant has a registered company;
   - if a company has several establishments in different EU Member States or other participating countries, the entrepreneur should choose the country where he/she is based;
   - the place where the applicant has spent 183 days or more in the course of the last 12 months, if the applicant does not have a registered company.

   Note that if the applicant is currently living in a non-participating country, he/she will be considered as ineligible even if he/she fulfills the above rules in general.

**A WELL FORMULATED BUSINESS IDEA**

A business plan is a document that summarises the operational and financial objectives of one’s business and contains the detailed schemes and budgets, which show how to realise the objectives.

You are requested to submit a **full business plan** and a **summary** of it.

- The summary of the business plan must be submitted in any EU official language; however English is strongly preferable as it will be available to all accepted users of the online catalogue. You are invited to formulate the summary in a way that avoids misuse and potential damage to yourselves.

- The full business plan is a **confidential document** that can only be read by the chosen new entrepreneur’s Intermediary Organisation, Support Office and European Commission. It can be submitted in an official language of the EU or the language of one of the other participating countries that your Intermediary Organisation understands.

The Programme does not provide a business plan template. You are able to choose the format you prefer. It will be up to your IO to check if the document is of sufficient quality and fulfils the basic requirements, namely that it demonstrates that you are firmly planning to start your own business or have started your own business within the last 3 years, and that the business idea is well thought through.

Furthermore, it should contain at least:

- a description of the product or service offered;
- a market analysis including a definition of the target market and a competitor analysis;
- a financial plan, including estimated expenses and income in the following 2 years and a break-even analysis.

As previously mentioned, the full business plan is a confidential document and as such, before submitting the full business plan, you may want to sign a non-disclosure agreement (NDA) or a similar confidentiality agreement with your Intermediary Organisation should you consider this useful.

**ABILITY TO WORK IN A FOREIGN LANGUAGE**

The communication between you and the host entrepreneur is crucial for a successful exchange.

Given that no language training is provided by the programme and that language skills are one of the main criterion for a suitable matching, it is important to ensure that you have good a command of the English language or master a second language, in addition to your mother tongue (i.e. no difficulty in understanding, speaking and writing in the language(s)-at least B2 Level.

Erasmus for Young Entrepreneurs Support Office co/EUROCHAMBRES 8
Motivation

In this section, you are required to explain why you are interested in participating in the Erasmus for Young Entrepreneurs programme and how you wish to contribute to the host entrepreneur’s company. You should demonstrate:

- a real commitment to invest in a learning experience;
- a clearly identifiable commitment towards being an entrepreneur;
- clear and well-defined learning needs;
- a willingness to contribute to the development of the host entrepreneur’s business and to make available your skills and competences;
- dynamism, seriousness, creativity and initiative;
- how you intend to use the experience to develop your business.

Please be as concise and precise as possible as the motivation is a very important criterion for selection.
The CV should be submitted preferably in **English**. If you use another language, please make sure that the selected Intermediary Organisation understands it. While uploading files also **pay attention to the allowed file size and type**.

Please upload your CV (allowed file size: 2mb | allowed file type: *.pdf, *.doc, *.docx, *.rtf, *.txt)

Please give a short overview of your plans to develop a business (preferably in English)

In the next section, please chose if the business model of your existing or planned business has green/digital/social or other impact.

You should provide a **summary** of your business plan in **max 2000 characters**. This overview will be visible to all accepted entrepreneurs in the online database as well as to all existing Intermediary Organisations, Support Office and European Commission. Therefore, you are required to formulate it in a way that does not disclose confidential information.

Please upload the **full business plan**. The business plan is a confidential document that will **only be accessible to you, your Intermediary Organisation (Local Contact Point), the Support Office and the European Commission** (not to other entrepreneurs or IOs). It should be submitted in an official language of the EU that is spoken by your selected Intermediary Organisation.
If you have any additional supporting document, please upload it here.

Finally, provide information about your professional work experience as an entrepreneur (running your own business) in number of years. Please note that this reflects only the entrepreneurial experience and not the professional. Please also provide your professional work experience (other than entrepreneur) in months at the question below.

You may now move to another section or ‘save draft’.
Languages

The success of an exchange depends on the ability of both entrepreneurs to communicate properly.

Since language plays a key role in this process, you must be able to communicate in a language your host entrepreneur understands in order to collaborate adequately. Furthermore, the work or project proposed during the placement (e.g. foreign market research), may require some specific language skills. Given that no language training is provided by the programme, you should be comfortable with the languages you have selected in your application (i.e. at least B2 Level). Although there are no specific language requirements, a relatively good level of English is encouraged in addition to your mother tongue.

Please first select your mother tongue from the drop down menu. Then select any other language from the drop down menu that you have no difficulty in understanding, speaking and writing.

You may now move to another section or ‘save draft’.
**Business sector**

The business sector is another important criterion to find a suitable business partner. You need to specify the business sector of your future or recently started company, as well as the other sectors you are interested in.

Specify the business sector of your recently established or a future enterprise. Then choose up to 4 additional sectors that best correspond to the nature of your future or current business. Note that the more sectors you select the higher chances to find a partner are.

You may now move to another section or ‘save as draft’.

**Geographical preferences**

In this section you should indicate your preferred countries for your stay abroad. **You cannot do the exchange in your country of residence.**

Select your primary choice for the country of exchange and up to 4 other possible countries for the exchange.

You may now move to another section or ‘save as draft’.
Duration and / period of the exchange

In this section, you should mention the number of months you wish to spend abroad and the periods when you are available for the exchange. This information is of utmost importance in the search for a suitable host entrepreneur.

**SPECIFY THE LENGTH OF YOUR EXCHANGE**

The exchange should in principle last between one and six months and should be completed within an overall time span of twelve months.

Please note that if your application is accepted with the selected length, it is not a guarantee that the exchange you will propose will be accepted for this period.

**SPECIFY YOUR PREFERRED PERIODS FOR THE EXCHANGE**

The exchange period is one of the main criterion for a suitable match. The more flexible you are the greater choice you will have in finding a host entrepreneur.

Note that the selection of months done at this step will have an influence on the range of Intermediary Organisations among which you will have to choose one at the last step. Should you like to register with a specific Intermediary Organisation, please make sure that the months selected do not exceed the contract end date of that organisation. Please contact the IO you would like to register with and request this date upfront to know which months you can select.
Selection of an Intermediary Organisation and submission

A number of Intermediary Organisations/Local contact points have been officially appointed by the European Commission to establish contacts between new and host entrepreneurs. The selected Intermediary Organisation should be active in your country of ‘permanent residence’ defined by the programme as:

‘Permanent residence’ is defined as:
- The place where the company of the applicant is registered, if the applicant has a registered company;
- If a company has several establishments in different EU Member States or other participating countries the entrepreneur should choose the country where he/she is based;
- The place where the applicant has spent 183 days or more in the course of the last 12 months, if the applicant does not have a registered company.

Note that if the applicant is currently living in a non-participating country, he/she will be considered as ineligible even if he/she fulfills the above rules in general.

If you live in a participating country without an active Intermediary Organisation, you may choose another one close to your country.

The chosen Intermediary Organisation is responsible for recruiting; establishing contacts between you and your preferred host entrepreneur and for helping you prepare your exchange. It will act as guide and contact throughout the entire process.

The list of Intermediary Organisations is available on the programme website www.erasmus-entrepreneurs.eu under the section “Your local contact point”.

**CHOOSE YOUR INTERMEDIARY ORGANISATION**

The chosen Intermediary Organisation is responsible for recruiting; establishing contacts between you and your preferred host entrepreneur and for helping you prepare your exchange. It will act as guide and contact throughout the entire process.

You may select your intermediary organisation either using the drop-down menu, or by clicking a button ‘View IO Map’.

![Image of IO selection tool]

**Note:** the list of organisations available to be selected will depend on the preferred periods for the exchange that you have selected in the previous step. If you select dates too far in the future, the Intermediary Organisation that you might wish to choose could be unavailable for selection as they might not be active during that period (see last example in the image below – KAVKA Intermediary Organisation is unavailable). In this case you have to contact your IO and ask for the “activity end date” of their organisation and then fill in the availability period again with months until the one specified by your IO.

3. The following window will open. Complete all the information and click ‘Create an account’.  

![Create an account](image1.png)

4. You will then be prompted to set a password.

![New password](image2.png)

Enter a password of your choice (please observe the format requirements at the bottom of the page), repeat the password in the next box and click ‘Submit’.

The system informs you that your password has been successfully initialized. You now have a valid EU Login account, with a login name and a password of your choice. You can always use your email address as user ID instead of the one generated by the system.

**LOG IN TO THE APPLICATION**

At this stage:

- Click ‘Login’
- Enter your EU Login credentials, and click ‘Sign in’

**Please note that failing to Log In, your registration will not be complete.**

After you submit your application and you log in, your application will automatically receive the status ‘**Applied**’. At this stage, you do not have access to the online catalogue of profiles to search for a business partner. This status means that your application has been received and is currently being treated by your Intermediary Organisation.

An IT user’s manual is available in the **“Help”** section of the online database to help you using the tool.

Within a maximum of 2 weeks of receipt of your application, your IO has to perform an initial check and take action accordingly. You will be automatically informed by email about any change of your application status.

Possible status:

- **Applied**: The application has been submitted and is in a review process
- **On Hold**: Important information is missing or application is unclear
- **Back to Applicant**: Your selected IO is not in a position to accept entrepreneurs or the IO is terminating its contract
- **Refused**: Your application is inappropriate or irrelevant
- **Accepted**: Your application fulfills all programme requirements, and you are granted the access to the online catalogue
If your Intermediary Organization considers that some key elements are still missing in your application, you will be automatically notified by email that your application has been put “On hold”. Your Intermediary Organization will contact you separately either by phone or by email requesting the lacking information in your application (business plan, etc…). You should provide this information within a delay of **6 weeks maximum**. If this information is not provided on time, your application will be rejected. You may apply again later once you will be able to provide all information required by the programme.

Your application will be deleted if it contains irrelevant data, errors and/or has been submitted by mistake.

If the responsible Intermediary Organization considers that your application is of quality and that it fulfils all the necessary programme criteria, you will be notified by email that you are successfully accepted in the programme.

==========================================================================
Please do not reply to this email address. This is a no-reply address and your email will not be treated.
